Bingo Mystery

A friend of mine called me from South Carolina and during our discussion she told me about something that her favorite bingo hall does and does often.

They have an old fridge box that they place a surprise item and during a special game played once a month the prize is given away.

The last time the game was played a lady won a new set of T-fal pots and pans. Another prize that she remembers is a \$200.00 gift card for Wal-mart.

These sound like some nice gifts to get for playing a game that we already like/love to play.

I would like to see something like this in the bingo halls in my area. That would really be cool and I know I would be there every day that there was a prize game to play so that I can have a chance to win something really nice.

There are plenty of such places where you can earn a lot from and there are some good chances of coming across some good bonuses and go on to winning them. There are even better ones that I have heard about, this has become the talk of the town lately. Th thing is that you should keep trying at different places.
